**Re: Casino Proposals for Pope County, Arkansas**

Dear Judge Cross:

Since you informed us on Friday that the Quorum Court has already decided to support the Cherokee proposal and no others, we do not feel that it makes sense for us to submit an updated proposal at this time.

We still welcome the chance to participate in a publically transparent process and give a presentation to county officials at an open meeting, to allow for public discussion and evaluation of the merits of our proposal. Should that opportunity arise we would be prepared to present our best and final proposal.

Sincerely,

William W. Warner
