

IL GUSHER IS BROUGHT IN IN UNION COUNTY

usey-Daniels Well May Produce 10,000 to 30,000 Barrels.

EXPERTS ENTHUSE

Declared Better Producer Than Any Well in the Homer Field.

EASE TRADING STOPPED

Oil in the Gasline.

El Dorado, Jan. 10.—Union county's team of oil, which twice last year was thought to be a dud, is now a well, apparently in a really. Usey-Daniels well, located one and one-half miles from the Homer field, is producing about 10,000 barrels a day. The well is being pumped with the lower gas being chucked with nitrogen. But on one point the experts and the owners are entirely agreed—oil.

Oil Hit at 2225 Feet

The Usey-Daniels well, located one and one-half miles from the Homer field, is producing about 10,000 barrels a day. The well is being pumped with the lower gas being chucked with nitrogen. But on one point the experts and the owners are entirely agreed—oil.

Afraid to Cap It

The owners quickly decided to cap the well. It is feared that the flow will be permitted to flow full force. It is feared that the flow will be permitted to flow full force. It is feared that the flow will be permitted to flow full force.

Oil Boom Seems Fading

El Dorado's oil boom that has been coming along for almost a year with occasional outbreaks of enthusiasm there has risen to the stage of an oil depression. The city is wild with delight and glee with oil. Practically everyone in the city has visited the oil fields and returned with samples in bottles and in their pockets.
