Arrival of Refugees Marks 'Typical' Day for Reporters

Gazette State News Service FORT CHAFFEE — For the FORT CRAFFEE — For the more than 100 reporters and photographers covering the arrival of the first South Vietnamese refugees here Friday, it was a typical day, starting with higher internal a crimony and ending with a united quest for that Holy Grail of quickie eyeball tortune. The reporters came from all over. There were the network

Of NEPOLECT Speed and studying notes for their "stand-up" spots. There were the "national- print media" scople, a little sloppier than the network legies, but with the network legies, but with the network legies, but with pecking order came the local reporters and photographers, trying unsuccessfully the looks at though they actually belonged in the upper strata.

It began as all big media events must — with a lot of Conditions of the legislation of the legislation
